1. WELCOME

1.1 INTRODUCTION

“The Italian round of the World Rally Championship has always been an event of great international prestige, showcasing organisational expertise, passion, tradition and a modern vision of motorsport.

This 23rd edition reaffirms and highlights the commitment that all those involved have always shown to ensure the event’s resounding success.

The route, which is largely concentrated in the Monte Acuto area, confirms the desire to offer a selective, technical and spectacular race, capable of showcasing the qualities of the world’s best crews. A route that represents a truly thrilling challenge in the World Championship calendar and demands concentration and talent from the drivers, whilst always respecting the local environment.

Behind every edition lies the quiet but vital work of the Region of Sardinia, the local Automobile Clubs, the race officials, the volunteers and the police, who ensure safety and the smooth running of the event.

The Automobile Club d’Italia firmly believes in the value of motorsport as a catalyst of growth for the younger generation. We also place great emphasis on sustainability and technological innovation, which are central themes for motorsport today and in the future. The World Rally Championship serves as a research and development laboratory, and Italy, with its companies and expertise, is at the forefront of this transformation.

I extend my warmest greetings to the competitors, the teams, the race officials, the media, the spectators and everyone who will be part of the 2026 Rally Italia Sardegna. I am confident that, thanks to their dedication, this new edition will once again prove to be a magnificent showcase for Italian sport on the world stage. May it be a celebration of sport and passion, in the spirit of the values that have always guided the Automobile Club d’Italia.”

*Geronimo La Russa
President Automobile Club d’Italia*
